the ESOCRYPT minizine #01

What is...?

ESOCRYPT Entertainment

ESOCRYPT is an arts & entertainment Cooperative attempting to remain independent and free of corporate overreach, as well as resist media imperialism.

Esocrypt Entertainment is the media production arm of the Esocrypt Cooperative.

The Esocrypt Collection is available for viewing exclusively on Esocrypt Entertainment platforms. There you can see artpieces held in trust so the proceeds go to benefiting future artists and cooperative members.

ESOCRYPT Artist's Cooperative

Our Artist's Cooperative offers resources to help underprivileged artists and their communities. Our goal is to foster artists by giving them studio space, retreats, and sustainable materials created by other Cooperative members.

Our National Conferences are held every June and December. They function as an underground meeting for the Esocrypt National Committee, individual artists, groups, and studios to share thoughts and ideas.

Our national committee is elected by the mass of artists within our cooperative every 5 years. It's directive is to keep ESOCRYPT independent media, and continue our work creating a fairer and more equal cooperative.

the chill of winter is coming, and we don't know when it'll end...
don't get caught without a coat
